911

Poison Control 1-800-222-1222

Local contact: _____ Meeting point: _____

CHECK › CALL › CARE

CHECK the scene is safe. **CALL** 911 — give **location/landmark**, what happened, how many people are hurt; put it on speaker, stay on the line. **CARE** for the worst problem first (breathing & bleeding before anything else).

STOP THE BLEEDING

- › Press **HARD** on the wound with a cloth or gloved hands — don't let up.
- › Arm or leg won't stop? **Tourniquet** 2 to 3 inches above the wound (not on a joint). Write down the time.
- › Deep wound? **Pack** it with gauze/cloth, keep pressing.

GUIDE

VIDEO

HANDS-ONLY CPR (CHEST PUSHES) · ADULT

- › Not breathing or only gasping? **Call 911** and get a defibrillator (the AED box on the wall).
- › Push on the **center of the chest** with 2 hands, **hard and fast**, about 2 inches deep.
- › About **2 pushes per second** (beat of "Stayin' Alive"). Do not stop until help arrives.

GUIDE

VIDEO

CHILD & BABY CPR

- › Child: 1–2 hands. Baby: **2 fingers**, center of chest.
- › **30 compressions** then **2 breaths**. Repeat.
- › If you are alone, give **2 minutes** of care *first*, then call 911.

GUIDE

VIDEO

CHOKING

- › Can't cough, talk, or breathe? Act now.
- › **5 back blows** + **5 abdominal thrusts** (Heimlich). Repeat.
- › Baby: **5 back blows** + **5 chest thrusts**. Call 911 if it fails.

GUIDE

VIDEO

BROKEN BONE / SPRAIN

- › Don't straighten it. **Splint** as found (stick, pad, wrap).
- › Immobilize **joint above & below**; keep fingers/toes warm.
- › Sprain: Rest it, Ice it, wrap it snugly, and raise it above the heart.

GUIDE

VIDEO

SNAKE BITE

- › Back away at least 20 feet. **Stay calm and still**; call 911.
- › Take off rings and tight clothes; keep the bite **below the heart** and splint it.
- › **Do NOT** cut, suck, apply ice, or use a tourniquet. Take a photo from a safe distance.

GUIDE

VIDEO

HEAT ILLNESS / HEAT STROKE

- › Cramps/dizzy/pale & sweaty → move to shade, sip cool water, rest.
- › **Hot skin and confused or passing out means call 911.**
- › Cool **fast**: water, wet cloths, fan, ice to neck/armpits/groin.

GUIDE

VIDEO

FROSTBITE / HYPOTHERMIA

- › Numb, waxy, hard, pale skin → get warm and dry, remove wet clothes.
- › Rewarm in **warm (not hot) water**. **No** rubbing / direct heat.
- › Shivering, confused, slurred = hypothermia → **911**, warm slowly.

GUIDE

VIDEO

WATER SAFETY & DROWNING

- **Reach or throw — don't go.** Extend a pole/branch or throw a float; don't jump in.
- **Missing child? Check water first.** Fence pools; life jackets; never swim alone.
- Drowning is **silent & fast** — no splashing. Watch kids every second.
- Pull them out, check breathing, **start CPR**, call 911.

Water rescue & swim safety

DISASTER & SAFETY

All-hazards quick-reference · Ages 7–40 · Page 2 of 3 — BE READY

911

Text **911** if you can't call

Family meet-up: _____ Out-of-town contact: _____

STAY CALM › GET SAFE › HELP OTHERS

Know your **alerts** (Wireless Emergency Alerts and a NOAA weather radio), your **2 ways out** of every room, and one **out-of-area contact** everyone can text if phones are jammed.

EARTHQUAKE

- › **DROP, COVER, HOLD ON.** Under a sturdy table; protect head/neck.
- › Stay **away from windows**; indoors, stay in. Don't run outside.
- › After: check for gas/fire, expect aftershocks, text don't call.

SCAN

TORNADO

- › Go to **lowest floor, interior room** (bathroom/closet), no windows.
- › Cover your head and neck; get under something sturdy.
- › In a car/outside? Low ground, cover head. **Not** under an overpass.

SCAN

HOME FIRE

- › **GET OUT, STAY OUT**, call 911. Never go back in.
- › Smoke? **Get low & go.** Feel doors first — if hot, find another way out.
- › On fire? **STOP, DROP & ROLL.** Know 2 exits + a meeting spot.

SCAN

WILDFIRE

- › Evacuate **early** when told — don't wait. Go-bag by the door.
- › Close windows and vents; wear an N95 mask and long sleeves; know 2 ways out.
- › Sign up for local alerts; watch smoke & wind direction.

SCAN

FLASH FLOOD

- › **Turn Around, Don't Drown** — never walk/drive through water.
- › Get to **higher ground** fast; 6 inches of water can knock you down, and 12 inches can float a car.
- › Flash floods hit canyons/washes fast — leave low ground in storms.

SCAN

ACTIVE SHOOTER

- › **RUN** if you can (leave things), **HIDE** if you can't (lock/silence phone), **FIGHT** only as last resort.
- › Call 911 when safe; hands visible & empty for police.
- › Kids: **listen to adults, stay quiet, stay hidden**, follow the drill.

SCAN

GUN SAFETY (treat every gun as loaded)

- Store **locked & unloaded**; ammo **separately** locked. Kids can't access.
- Finger **off the trigger** until ready; know what's beyond the target.
- Never point at anything you're not willing to destroy.
- Kids: see a gun? **STOP · don't touch · leave · tell an adult.**

Build a kit +
family plan

Go-bag: water (1 gallon per person per day), food, medicines, flashlight, radio, spare batteries and a power bank, a first-aid kit, a whistle, cash, copies of your identification, and warm layers. Sources: Ready.gov (FEMA), FBI Run-Hide-Fight. Print double-sided with Page 1; laminate for the kit.
